• New Boom 2025
Wintered ashore.

One of Soothsayes's most attractive features is her secure wheelhouse arrangement. The wheelhouse provides excellent protection in poor weather, while removable canvas sections allow the area to be opened up during fine conditions, creating a bright and airy cockpit and living space.

Soothsaye is a particularly comfortable cruising yacht, combining excellent sea-keeping qualities with practical accommodation and a protected steering position. She is capable of extended offshore passages while remaining easy to manage.
