Descripción

Beachcraft 48 now in the online auction. everyone can bid until 16 November 2026.
steel beachcraft 48 for comfortable stayswhat kind of boat is the beachcraft 48?the beachcraft 48 is a spacious steel motorboat from 1990, measuring 14.79 metres in length and 4.08 metres in beam. she has a draught of 1.30 metres and an air draught of approximately 3.90 metres. this makes the boat particularly suitable for use on inland waterways, lakes, ponds and rivers. her layout offers plenty of living space, making her appealing for day trips, holidays, weekend stays and potentially permanent living aboard.

beachcraft 48 now in the online auction. everyone can place a bid until 16 november 2026.
according to the available information, the boat is in reasonable condition. this means that she provides a usable starting point, but you should take the vessel’s age into account, as well as any work that may be required on an older boat. the most recent maintenance carried out out of the water and the latest antifouling treatment took place in 2025.
how is the living space arranged on board?inside, she has approximately 1.95 metres of headroom. the saloon features a cosy seating area and a dining area where several people can sit together. the boat can be steered from inside the saloon. in suitable weather, the helm can also be used outside. the cockpit tent helps keep the sheltered area comfortable, while the roof hatches can be opened to provide additional ventilation.
there is sleeping accommodation for two people in the forward cabin. aft, there is a double bed with access to the sanitary facilities. in total, there are four fixed berths, and according to the specifications, three additional berths can be used. the layout is therefore suitable for families or for several people wishing to stay aboard for a few days or longer.
the galley is spacious and equipped with a cooker, oven, microwave, refrigerator and freezer. mattresses, hot water, a shower and an electric toilet are also present. the toilet does not discharge directly into the surrounding water. the freshwater tank has a capacity of approximately 400 litres and the holding tank has a capacity of approximately 300 litres. heating is provided by a warm-air system with a stated output of 8 kilowatts.
which engines does she have?the beachcraft 48 is fitted with two ford lehman mermaid 2715e inboard diesel engines. both engines have six cylinders, electric starting and a stated output of 120 hp. according to the information provided, both engines are operational. the first engine has approximately 3,830 operating hours and the second approximately 3,100 hours. the engines are old, and maintenance invoices are available.
the stated cruising speed is approximately 10 kilometres per hour, with a maximum speed of approximately 14.5 kilometres per hour. fuel consumption is stated as 5 litres per hour when using one engine, without further information about the measurement conditions. the diesel tank has a capacity of approximately 500 litres. during the viewing day, you can inspect the engine room, the visible systems and the available documentation.
which features are present?for manoeuvring, she is equipped with an electric bow thruster. the boat has dual steering and twin rudders. on board there is an electric bilge pump, a battery charger and an inverter. the onboard electrical system operates at 12 and 24 volts. there are eight batteries on board. in 2025, the batteries for the 24-volt onboard system and the 24-volt emergency system were replaced. this concerns two 165 amp-hour batteries for each system. two victron ip 22 chargers were also installed for the onboard system and the emergency system.
the navigation equipment consists of a depth sounder, compass, log and speedometer, as well as a vhf radio. three anchors with chain are available for anchoring. the electric windlass makes handling the anchor easier. outside, the equipment includes a swimming platform, davits, a cockpit table, exterior cushions, a cockpit tent, a pulpit, bow seats and stern seats. fenders and lines are also included in the equipment.
what has been recently updated?the upholstery was renewed in 2024. in 2025, the aforementioned batteries were replaced and the two victron chargers were installed. new blinds were fitted in 2026. also in 2026, the discharge pump of the holding tank was renewed and the overboard outlet was modified. the electrical wiring is fully documented. these documents, together with the available invoices for engine maintenance, provide you with additional information when assessing the boat’s technical history.
who is this boat suitable for?the beachcraft 48 is suitable for you if you are looking for a spacious motorboat with plenty of interior space, a sheltered living environment and sleeping accommodation for several people. her size and layout make her suitable for longer stays and for use as a comfortable family boat on inland waterways. due to her beam, draught and air draught, it is important to check in advance whether the bridges and waterways you have in mind are suitable.
if you are searching online to buy a boat, you may particularly appreciate this vessel’s combination of space, fixed berths and extensive accommodation. for anyone looking to buy a second-hand boat, the year of construction, the reasonable condition and the age of the engines are important points to consider. practical boat-buying tips include taking the time during the viewing day to inspect all areas, engines, tanks, electrical systems and documentation, and making a note of any questions about maintenance.
