Descripción

RIZZ is an outstanding CNB 76 luxury sailing yacht, built in 2016 by the renowned Construction Navale Bordeaux shipyard. Designed by Philippe Briand, with interior styling by Jean-Marc Piaton & Rafael Bonet, this yacht represents one of the most successful and sought-after series ever produced by CNB. Formerly known as PLAYSTATION PS5, RIZZ is a particularly well-specified example of the model, featuring carbon rigging, performance sails and a striking dark metallic grey hull finish. According to the specification, RIZZ is presented in absolutely immaculate condition.

Measuring 23.17 metres overall with a beam of 6.10 metres and a draft of 3.00 metres, this CNB 76 offers the perfect balance between bluewater capability, sailing performance and luxury comfort. Designed for short-handed sailing, RIZZ features a modern deck layout, twin rudders, a spacious cockpit and two aft steering positions, making her both powerful and easy to handle. Her 34-metre carbon mast, carbon in-furling boom, rod standing rigging and full DOYLE sail wardrobe from 2023 provide impressive performance under sail, with 320 m² upwind and 660 m² downwind sail area.

The interior of RIZZ is bright, spacious and beautifully arranged around the CNB 76’s signature raised saloon concept. Large windows provide excellent natural light and panoramic 360° visibility, creating an elegant and relaxing atmosphere on board. The layout intelligently separates the forward owner and guest accommodation from the aft crew area, offering privacy and comfort during extended cruising. RIZZ accommodates up to 7 guests in 3 cabins, with separate accommodation for up to 2 crew members.

The saloon is generous and welcoming, with a dining area to port and comfortable seating to starboard. The galley, located aft of the saloon, is fully equipped with high-quality MIELE appliances, while domestic comforts include reverse-cycle DOMETIC air conditioning, a wine fridge, deep freezer, washer-dryer and premium entertainment systems. Modern connectivity is also provided through a 5G antenna and Starlink systems, making life on board convenient whether cruising locally or venturing further afield.

Powered by a 180 HP Volvo D4 engine, RIZZ cruises at approximately 8 knots with economical fuel consumption and an impressive range of around 1,400 nautical miles. With large fuel and water capacities, a 280 l/h SEA RECOVERY watermaker, ONAN generator and Williams Turbo Jet 385 tender, RIZZ is a highly versatile and fully equipped luxury sailing yacht, perfectly suited for Mediterranean cruising and long-distance passages.

Special Features :

- Highly specified CNB 76 built by Construction Navale Bordeaux
- Design by Philippe Briand, Jean-Marc Piaton & Rafael Bonet
