Descripción

Yacht in good overall condition, fully equipped, now offered for sale after many years of wonderful cruising by the same owner for over 15 years, due to advancing age.
The Comet 303 is a cruiser-racer sailboat designed by Andrea Vallicelli and built by the Comar Yachts shipyard starting in 1988. Conceived as a 9.5-meter fast cruiser, the Comet 303 features clean hull lines and a generous sail area, delivering excellent performance—especially in light to moderate winds. The interior layout, crafted with quality woodwork and inner molded finishes, optimizes space to offer headroom that is rare for a vessel in this class.
