Equipamiento

Otras informaciones	***Este texto se ha traducido automáticamente.*** **Construcción de cubierta: Acero, Color de cubierta: Blanco**

Descripción

A true gentleman's yacht

Wanted: a gentleman or lady of standing, who is willing to continue finishing this beautifully lined sailing heritage, built by the famous shipyard de Vries Lentsch.
The current owner has been working on this 'grande Dame' for 10 years. The hull has been addressed and is mostly tightly painted, much of the necessary equipment, tanks etc, are in place. He has replaced the originally teak superstructure with a very solidly built steel superstructure, nicely rounded at the corners, real craftsmanship.
The decks have been given new solid Teak, from Superyacht construction.
The interior can now be finished entirely according to your own wishes, by a specialized ship's carpenter/woman.

This is truly a unique opportunity to bring this unique vessel, which is guaranteed to attract a lot of attention, back into service. Charlotte B. is covered in a shed in Aalsmeer.

General
Rudder: Balancing rudder
Windows: Bronze
Accommodation
Material, colours: Self-determinable
Saloons: Self-determinable
Engine, electrics, water
Water tank & material: Present
