## Descripción

The Dehler 45 perfectly embodies the combination of performance, reliability, and comfort in fast cruising. Designed by Simonis Voogd Design and built with the renowned German craftsmanship of the Dehler shipyard, this 13.70 m yacht stands out for its balance and efficiency, even with a reduced crew.
This 2011 version, from the final production runs before integration into the HanseYachts group, benefits from a highly regarded build quality. Single-owner, never chartered or raced, the boat has always been meticulously maintained.
Very well equipped, it has undergone significant recent refits: new standing rigging (2024), high-performance Elvström sails, a new retractable bow thruster, as well as numerous technical upgrades. Its twin helm offers precision and enjoyable steering, while its 3 cabins and 2 heads provide excellent onboard comfort for up to 9 berths.
Full inventory available.
