Max. passengers: Registered for 13
Fuel tank: 1040 l
Water tank: 480 l
Engine: 2 x Yanmar 80.0 HP (2 x 58,84 kW)

Built in 2019, this modern catamaran offers an exceptional blend of comfort, performance, and style, designed to deliver an idyllic sailing experience. With a length overall of 14.75 meters and a generous beam of 8.1 meters, it provides remarkable stability and spacious living areas. The layout accommodates up to 12 guests in four double cabins with en-suite bathrooms, two single cabins amidship, and additional crew cabins in the bow, ensuring both privacy and convenience. The interior is bathed in natural light thanks to large hull windows, creating a bright and inviting atmosphere throughout.
The aft cockpit is a versatile social hub, featuring an L-shaped lounge that easily transforms into a dining area capable of seating all guests. A wet bar with sink and icemaker enhances onboard entertaining, while the flybridge with XL bimini offers panoramic views and shaded relaxation. The vessel is equipped with a watermaker, electric toilets, and ample storage, making extended cruising both practical and comfortable.
Powered by twin Yanmar 80 HP engines, supported by dual fuel tanks of 520 liters each and water tanks totaling 480 liters, it ensures reliable performance and autonomy at sea. The sailing configuration includes a full batten mainsail and a self-tacking jib, providing ease of handling and efficiency under sail. A Highfield 360 tender with Yamaha 25 HP outboard complements the package, offering convenient shore access and exploration.
Every detail has been carefully considered, from navigation and deck equipment to entertainment systems and interior fittings, resulting in a yacht that balances luxury with functionality. Spacious, elegant, and well-appointed, it is perfectly suited for those seeking harmony at sea and unforgettable cruising adventures.

Equipment:
