Idiomas: griego, inglés, italiano

Detalles

ID del barco	**s321085**
camas	**12**

Datos técnicos

Calado	**1,40 m**
Material del casco	**PRFV/plástico**
Tanque de agua	**580 l**
Tanque de combustible	**1.040 l**

motor

Potencia	**80 hp (59 kW)**
Potencia	**80 hp (59 kW)**

Equipamiento

Navegación	**piloto automático, radar, radio VHF**
Equipamiento técnico	**aire acondicionado, generador, impulsor de proa, inversor, planta desalinizadora**
Equipamiento interior	**barbacoa, lavaplatos, microondas, secadora**
Entretenimiento	**TV**
Toldos	**bimini-top**

Descripción

Lagoon 50 - 2020

LOA / beam / draft
14.75 m / 8.10 m / 1.40 m

Fuel capacity
Approx. 1,040 L

Freshwater capacity
580 L; additional tanks reported

Accommodation
6 cabins plus additional forward crew / auxiliary cabins
4 guest bathrooms

ENGINES & MANOEUVRING
2 × Yanmar 4JH80, 80 HP each
Engine 1 hours 2,291 h
Engine 2 hours 2,217 h

Bow thruster Electric 24 V, 105 kgf, portside; 4 × 50 Ah / 750 A batteries; 30 A charger
Electric flybridge winches
Electric windlass
Hydraulic XL aft platform Tenderlift

GENERATOR & ELECTRICAL
Generator Cummins Onan 11 kVA, 220 V / 50 Hz
Generator hours 1,989.4 h

Service batteries
6 × 120 Ah GEL (original equipment specification)

Engine batteries
2 × 50 Ah GEL (original equipment specification)

Inverter
12 V / 220 V, 2,000 VA
220 V shaver sockets in heads (×4)

MAINTENANCE & USE
Engine servicing every 200 hours by official Yanmar service technicians, with supporting invoices, as stated by the owner. In July 2026, saildrive diaphragms / boots, propellers and oil seals were replaced. Saildrive diaphragm replacement after five years was completed in July 2026. Charter activity exclusively with the owner on board (owner statement).

CRUISING SYSTEMS & COMFORT
Watermaker; 64,000 BTU reverse-cycle air conditioning; dishwasher; washer/dryer; microwave with grill; cockpit refrigerator and ice maker; 40-inch TV with electric lift; Fusion entertainment; underwater lighting; composite flybridge bimini with enclosure.

NAVIGATION & DECK EQUIPMENT

SAILS & OUTDOOR SPACES
Full-batten mainsail and furling genoa. Panoramic saloon, wide side decks, flybridge seating and generous exterior

entertaining areas.

This boat is the perfect compromise between the emblematic 450 model and the 52. She offers an attractive option to navigators in search of a large “seaworthy and modern" owner’s boat. With her new visual identity, rigging and hull design, she provides increased performance, comprising a unique brand signature. Indeed, the 50's elegance seduces thanks to the bevelled shape of her hulls, generous volumes and panoramic views, more than ever enhanced.

EXTERIOR : COMFORTABLE AND FUNCTIONAL
A flybridge with two secure accesses and a helm station provides perfect visibility. And behind the helm station, a huge modular recreation area conceals a storage area large enough to store all the cushions.
A large open cockpit facing out to sea, large stern skirts enable easy access to the boat and a large modular dining area with removable bench seats to welcome children and adults alike.
A second cockpit for further enjoyment of the foredeck with dual function: seating or deck chair position, flush with the forward trampoline.
Vast storage space under most of the cockpit and flybridge seats.

INTERIOR : GENEROUS VOLUMES AND LUMINOSITY
The spaciously designed layout reveals innovative architecture where every detail has been planned to create a warm, homely atmosphere. The design enables anyone to choose their desired accommodation layout, with three, four, five or even six cabins!
An innovative saloon concept on two levels, providing two separate but communicating areas: a large galley that opens onto the cockpit on one side, and a slightly elevated lounge area for enhanced panoramic vision, which can easily be turned into a dining area if needed.

An innovative interior design, with a new, elegant and elaborate wood finish to be customised for the owner.
Remarkable communication between the interior and the exterior: the central panoramic windscreen is retractable, which is ideal for ventilation of both the saloon and the cockpit. This enables interaction with the forward area.

Outstanding natural light in the aft cabins, fitted with panoramic glazing and large hull portholes in the showers and bathrooms.
Volume and comfort in the hulls with particular attention to storage space: cabins with Island bed berths forward and aft, large storage volumes, hanging lockers, and open bookcases.
Large fresh and black water tanks located under the floorboards, thus providing considerable space. A grey water tank is optional in order to comply with environmental standards.

NEW GENERATION RIGGING : PERFORMANCE AND SIMPLICITY
The decision to position the mast step further aft, which stems directly from VPLP's experience in competitive sailing, provides this catamaran with multiple advantages:A self-tacking jib for simplified manoeuvres.
A large forward triangle for a wider choice of downwind sails: a guaranty of performance,
A shorter boom for easier manoeuvres.
A main sail, with a high aspect ratio, enabling the capture of better airflow in the upper parts of the sail for optimised performance.
The re-centring of weight, thanks to aft positioning of rigging, considerably reduces the boat's pitch.

Disclaimer and Commission
The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor the condition of the vessel. A buyer should instruct their own agents or surveyors to investigate such details as the buyer wishes to validate.
This vessel is offered subject to prior sale, price change, or withdrawal without notice.
A brokerage commission of 5% plus VAT is payable by the buyer upon completion of the sale.
