LEOPARD 40 - Nérée (2019)
BUILDERS REMARKS: Designer/Builders Robertson & Caine and Naval Architects Simonis-Voogd have set a new standard for contemporary cruising catamarans with the launch of the Leopard 40. The innovative interior layout, increased volume in the hulls, and expanded windows and doors that blur the lines between inside and out combine to make the interior space feel like a larger yacht. The unique forward-facing galley stands in front of a large window with an adjacent access door to the forward platform. Aft, a forward-facing settee and dining table are separated from the aft cockpit seating area by sliding glass doors. These doors and windows enhance the open concept feel, allow for exceptional ventilation, and facilitate easy navigation in and around the yacht.
BROKERS REMARKS: This is a 4 cabin layout with 2 heads and an ash white interior finish . For additional comfort this boat features a generator, air conditioning and solar panels that are fitted to the hard top Bimini. Regularly maintained throughout the charter program as part of the Sunsail Agana Croatia fleet until October 2025. Complete phase-out maintenance program has been carried out at the end of season 2025, before leaving the fleet.
She was carefully outfitted, while being maintained in good condition throughout. This is very likely the best-equipped Leopard 40 currently on the market in Med – ideal for a buyer seeking a fully prepared yacht to enjoy extended cruising in style and comfort.
The owners have just finalised a Mediterranean voyage, cruising from Croatia toward the stunning shores of South of France. The yacht’s winter berth is secured in Port-Saint-Louis-du-Rhône, France.
AVAILABILITY: 1st November 2026
