Modelo	**MTU 12V 2000 CR M93**
Potencia	**3.646 hp (2.682 kW)**

Equipamiento

Equipamiento técnico	**aire acondicionado, generador**

Descripción

The Pershing 72 is brutally fast and unapologetically aggressive. Push the throttles and she heels hard through high-speed turns, laying her gunwales close to the water. This is a pure driver’s yacht raw power, instant response, zero compromise.
Twin 1,823 hp Common Rail engines paired with Arneson surface-piercing drives deliver explosive acceleration, razor-sharp handling, and thrilling top-end performance. She is built to be driven hard.
Below deck, performance meets purpose. The three-cabin layout includes a full-height third guest cabin with 6’8” headroom and semi-en-suite access to the day head.
Forward, the VIP cabin features a central double berth with the head to starboard.
The owner’s suite, set aft and three steps down from the central lobby, offers exceptional space with a dressing table, a large walk-in wardrobe, and an en-suite head with a separate shower. Oversized hull windows flood the cabin with light and deliver uninterrupted sea views even at speed.
Highlights & Equipment:
Twin 1,823 hp Common Rail engines

Arneson surface-piercing propellers

Kohler generator

Electric sliding sunroof

Tropical air conditioning
