Descripción

If you know sailing, you know the Sunbeam name. Built in Austria to standards that rival the finest Scandinavian yards, the Sunbeam 34 is a world apart from the volume-produced fiberglass that fills most Caribbean waters. A rare find in the Caribbean, the Sunbeam 34 is the quiet antidote to mass production yachts. Fully equipped for blue-water sailing and genuine off-grid living aboard, this is not a dressed up charter boat. She's the real thing on your dream location already. This a genuine find for the discerning sailor who refuses to compromise. Location Bonaire, local agent available.
